<i>Activities of the project organisation (aims, objectives, actions)</i>	ICJA Freiwilligenaustausch weltweit e.V. was founded as a reconciliation program between the USA and Germany in 1949. Today ICJA organizes volunteer exchange programs all over the world and the current management has long-standing experience in working with volunteers and partner organizations from over 40 different countries on all continents. ICJA is an independent, non-profit registered association recognized by the German government. Our aim is to facilitate respectful and open interaction between people from different cultures and backgrounds. We understand our exchange programs as educational offers, which allow people to meet at eye level, to work together and to learn from each other. Anyone who supports the aims of ICJA is invited to become a member and volunteer coworker. The main office of ICJA is located in Berlin where currently 30 staff and 3 apprentices and 3 volunteers are working. A very important part of the work is done by voluntary coworkers in regional and local committees all over Germany. ICJA's main projects and programs focus on peace work, intercultural education and the promotion of active citizenship, global learning and social commitment. ICJA received the QUIFD certificate for »Quality in Voluntary Service« which is based on ten carefully defined quality aspects. ICJA coordinates and carries out a variety of exchange programs for volunteering, like the ESC( former European Voluntary Service), the IJFD (International Youth Voluntary Service), the BFD (Federal Voluntary Service), "weltwärts" (sending and receiving to/from countries in the Global South), volunteer exchange programs within the framework of our umbrella organization, the "ICYE Federation", the program for volunteers of all ages above 26 (Ü26) and the organization of about 17 workcamps each year in Germany.
