

Let's talk and grow together, Germany!

Talk to each other, learn from each other:
Become a Speak Buddy in Frankfurt!

What does a Speak Buddy do?

Meet each other, make friends, live diversity. As a Speak Buddy you promote language acquisition and intercultural exchange in an international and intergenerational environment. Whether young or old, native or immigrant, you can plunge into in new worlds and experience new perspectives.

Benefits for you and your Speak Buddy

Promote language acquisition

As a newcomer, you get the chance to use and consolidate your language skills in various everyday situations. As a local you accompany newly arrived and support their language acquisition through exchange and shared leisure activities.

Bye filter bubble. Hi new horizons!

You get to know new people from your city and discover diversity. For friendships and experiences outside your social and cultural filterbubble.

Strengthen democracy

Cohesion instead of division. Through active exchange, you contribute to the sustainable strengthening of democratic values of an interactive community.

Let's grow together, Buddies!

Final Get Together

Stay active and become part of our grow together community for even more exchange and encounters.

Grow Together is a social tech start-up with the goal of making the social and economic potential of our diversity visible and tangible. We achieve this through digital and analogue encounter and educational formats. This way we promote cultural solidarity and strengthen social integration.

For a better society in which everyone feels at home and can grow individually. For a society that tackles the challenges of its time together. For real solidarity and unity.
